Dear Nate:

I am pleased to write this recommendation on the behalf of Touchstone CPM. Currently, the Coldwater School District is ending the second year of a three-year construction project. This is a complicated project due to the fact that there are 47,000 square feet of new construction and 244,000 square feet of renovation. At this point in time, Touchstone CPM personnel's management, organizational and scheduling skills have been exemplary. This is especially demonstrated by the fact that we have been able to maintain a normal school day and school year throughout the project.

If I can be of further assistance, please call (419-678-2611).

Sincerely,

A handwritten signature in cursive script that reads "Richard A. Seas".
