## NEW VISION REGIONAL LABORATORY, LIMA, OHIO

**Project inception date:** June-04

**Project completion date:** September-04

**Construction cost:** \$3,000,000

**Construction type:** Construction Management

### Project Scope:

The New Vision Lab is the home of approximately 20,000 square feet of hospital laboratory. Departments included in the space are microbiology, histology, general lab testing, blood bank, pathology suite, general office and support space and a conference/training area.

### Additional Information:

The lab spaces are equipped with custom casework and mobile "Hi-Low" tables to make every space flexible. The new high tech HVAC system answered the occupants of their needed air exchanges and CFM movement. To compliment this project, the new lab is connected to the main hospital via pneumatic tube systems for transport. The distance between these two facilities is two city blocks.
