NEW K-12 SCHOOL, FORT JENNINGS, OHIO

Project contract date: April 2002

Project completion date: December 2003

Construction cost: \$11,200,000

Construction type: Construction Management

Project scope:

This project consisted of a 100,000 square foot masonry bearing structure. The facility houses the district's K-12 students and staff. There is an auditoria for use during the day as a cafeteria by the students and has the amenities to be used as an auditorium for performances and presentations. The facility includes a gym with capabilities to be divided into two separate areas for educational and practice uses. Art and music rooms are additional amenities included in the new facility.
