NEW PREK-12 SCHOOL, OTTOVILLE, OHIO

Project contract date:	April 2002
Project completion date:	August 2003 (Original date: 12/03)
Construction cost:	\$13,669,576
Construction type:	Construction Management

Project scope:

This project consists of a 123,000 square foot masonry bearing structure. The facility houses the district's PreK-12 population. There is an auditoria for use during the day as a cafeteria by the students and has the amenities to be used as an auditorium for performances and presentations. There are two gyms, one for the high school students and one for the elementary, as well as art and music rooms. A geothermal heat system was also a part of the project.
