To Who It May Concern:

It is my sincere pleasure to make a very positive recommendation for Touchstone, C.P.M. of Lima, Ohio. The Spencerville Local School District has worked with Touchstone for the last year or so on our O.S.F.C. project and we, as a school district, have been very pleased with our working relationship and feel very fortunate to have them working with us.

It has been our experience with Touchstone that they have demonstrated a strong knowledge of the O.S.F.C. Construction Manual and of the processes involved in such an undertaking. They have responded quickly to our requests and questions, have been very attentive to details and have brought to our project a very competent, dependable and effective team.

Our experience with Touchstone C.P.M. has been a very positive one and I can only say that we are extremely pleased with their work and their handling of our project. If I can be of any additional assistance, please feel free to call.

Respectfully,

Joel B. Hatfield, Supt.
