INDEPENDENCE ELEMENTARY SCHOOL, LIMA, OHIO

Project contract date: November 2002

Project completion date: June 2004 (On schedule)

Construction cost: \$7,744,495 (On budget)

Construction type: Construction Management

Project scope:

This project is one of the Lima City School District building projects. The school's former name was Irving Elementary.

The new 61,298 square foot elementary facility was built on the site of the old elementary. The new elementary school will house grades K-4. This building is made of structural steel and concrete masonry units with a face brick exterior construction. The school features air conditioning, a kitchen, a cafetorium with a separate gymnasium, and state-of-the-art security and technology.
