September 27, 2011

To whom it may concern:

Please accept this letter as my professional and personal recommendation for Touchstone CPM of Lima, Ohio. It has been my sincere pleasure to have been associated with Touchstone during the construction of Fort Loramie Local Schools new Pre K-6 and 7-12 Addition/Renovation OSFC project.

Touchstone CPM provided invaluable expertise and counsel during the planning, bidding, construction, and post-construction phases of this project. At every turn Touchstone CPM's personnel made themselves available to guide the District through the entire project, including the recommendations for awarding contracts through the reconciliation of the project budget for purposes of a timely closeout.

Touchstone CPM exceeded our expectations as a construction management team. The individuals that we dealt with worked extremely diligently at developing relationships based on mutual respect and a common sense of purpose between all members of the construction team.

If you have any questions, please do not hesitate to contact me at (937) 295-3931.

Sincerely,

Daniel B. Holland
Superintendent
Fort Loramie Local Schools
