

Office of VP of Business & Treasurer

March 15, 2011

TO WHOM IT MAY CONCERN

Touchstone CPM is working with Rhodes State College as a partner with our Countryman Expansion project providing professional construction services. TouchstoneCPM is a valuable part of our team.

Touchstone is engaged by the College, as cited in national construction best practices, to take on the coordination of project wide activities including Value Engineering, Pre-Construction Planning & Coordination, Bidding, Construction, and Close-Out, and it is apparent Touchstone's attention to detail and professionalism is evident in all aspects of their work. Touchstone manages the lines of communication, they have the knowledge and know-how to prepare, review, and challenge estimates, how to stimulate contractor interest, and properly manage the most important part which is construction of the project. This allows us as a college to focus on our current day to day activities, and leave the heavy lifting to them.

We can give Touchstone CPM an excellent recommendation based on our experience and their long history of success on our campus.

Respectfully,

A handwritten signature in black ink, appearing to read "Chris Schmidt", is written over the word "Respectfully".

Chris Schmidt CMA, CIA
VP Business & Treasurer
