NORTH MIDDLE SCHOOL RENOVATION, LIMA, OHIO

Project start date: June 2001
Project completion date: August 2002 (On schedule)
Construction cost: \$5,620,404 (On budget)
Construction type: Construction Management

Project scope:

This project is one of the Lima City School District building projects. This was a renovation project.

This existing two-story 5-8 facility, of 78,671 square feet was renovated to house a student capacity of 658. The exterior of the building was upgraded with a new rubber roof system and architectural aluminum doors and windows. The interior ceilings, lighting and mechanical systems were removed and replaced, along with the addition of a fire suppression system. The interior was also painted, carpeted, etc., and all rooms were retrofitted for the latest in technology equipment.
