LIMA SOUTH MIDDLE SCHOOL, LIMA, OHIO

Construction start date: July 2002
Project completion date: August 2004 (On schedule)
Construction cost: \$9,468,962
Construction type: Construction Management

Project scope:

This is a 77,253 square foot, two-story building housing a student capacity of 650. The exterior consists of steel frame and masonry bearing walls with brick veneer, a standing seam metal roof and architectural aluminum doors and windows. The interior is made of a concrete slab-on-grade first floor and bar joist supported concrete second floor, with painted masonry block walls, carpet and vinyl tile floor coverings, and ceramic tile restrooms. It houses a kitchen, cafetorium, gymnasium and computer lab, along with the latest technology equipped classrooms.
