PM: Steve Schroeder
Superintenden: John Miller

NEW K-12 SCHOOL, BASCOM, OH

Construction start date: Fall 2011
Project completion date: Summer 2013
Construction cost: \$29 Million (budget)
Construction type: Construction Management

Project scope:

Construction of a new 130,000 square foot K-12 school facility, which will target LEED Silver certification through the USGBC. The new building will be constructed across the road from their existing facility.

The project will include Chilled Beam HVAC technology in the academic wings. The district is very community focused and the facilities will be designed and constructed in a manner which will accommodate community gathering spaces.

Project accomplishments:

This project is currently in the design development phase.
