DAYTON PUBLIC CITY SCHOOLS, DAYTON, OH

Project start date: November 2007
Project completion date: December 2012
Total project dollars: \$627,000,000
Construction type: Construction Manager

Project scope:

Under the Ohio School Facilities Commission's Accelerated Urban School Construction Project, the Dayton Public Schools is in the midst of renovating or rebuilding its entire district over a ten year period. In 2007, Shook Touchstone was hired as the Construction Manager of this \$627 million dollar project, which is being funded by the state (61%) and the District (39%). The Construction Project includes the construction or renovation of 28, pre-k-8, neighborhood-schools with 473 students each; four (4) new high schools, grades 9-12, with 950 students each. In addition, the project includes the high school construction/renovation project will include Stivers School of the Arts (grades 7-12) with 998 students and the David H.

Shook Touchstone took over Segment II, which are now all completed:
